

Flavors for the world, we love COOKIES ... and you!

Flavors for the World is how we share our love for cookies around the globe! You see, we've been producing cookies for decades: vanilla, chocolate chip and brownie.

Our cookies are already special because of their exceptional quality and the taste of pure Dutch butter. But we wanted to make them even more special with three categories of flavors for cookie lovers from around the world.

Try our **All Stars**, some of the most popular flavors around the World, like Grannies Apple Pie (GAP)! Our **Dutch Delights** are typical Dutch flavors. But just to make sure they are not what you might expect, we've added a twist! So...Spicy B. (Spiced Biscuit & Banana) anyone? And if you are a little crazy (like us) you will love our **Cookie Wookie** cookie. We dare you to try Lick O' Mint...our love-it-or-leave-it licorice & mint cookie that it is guaranteed to blow your socks off! Don't believe us? Try it yourself!

Can't imagine your life without our cookies?
